(d) In the event that either party, or an Employer withdrawing representation from the Chapter or not represented by the Chapter, has given a timely notice of proposed changes and an agreement has not been reached by the expiration date or by any subsequent anniversary date to renew, modify, or extend this Agreement, or to submit the unresolved issues to the Council on Industrial Relations for the Electrical Contracting Industry (CIR), either party or such an Employer, may serve the other a ten (10) day written notice terminating this Agreement. The terms and conditions of this Agreement shall remain in full force and effect until the expiration of the ten (10) day period.

ARTICLE II

EMPLOYER RIGHTS - UNION RIGHTS

Section 2.01 NO CONTRACTING CLAUSE: Members of the Union, with the exception of those meeting the requirements of an electrical contractor, as defined herein, shall not contract for any electrical work.

Section 2.02 (a) The Employer recognizes the Union as the sole collective bargaining agency between itself and the Employees covered under the scope of the Agreement. The Employer also recognizes the Union has a right to utilize the grievance procedure listed in Section 1.06 of this agreement with the exception of Apprenticeship issues specifically addressed in the Puget Sound Electrical Apprenticeship Standards as submitted and approved by the Washington State Department of Apprenticeship, including issues regarding Apprenticeship placement, probation, discipline, wage progression and evaluation.

(b) The Employer shall have the right to determine the competency and qualifications of its Employees and the right to discharge such Employees for any just and sufficient cause. The Union may institute a grievance procedure under the terms of this Agreement if it feels any Employee has been unjustly discharged. In applying the above provisions the Employer shall not discriminate against Employees in regard to hire or tenure of employment by reason of Union membership; provided, however, all workers, Union or otherwise, shall be classified and receive the wage scales as provided under the wage schedules attached to this Collective Bargaining Agreement.

(c) UNION SECURITY CLAUSE: All Employees covered by this Agreement shall be required to become and remain members in good standing of the Union as a condition of employment from and after the eighth (8th) day following the date of their employment or the effective date of this Agreement, whichever is later. All Employees who may be accepted into membership shall thereafter maintain their continuous good standing in the Union, as a condition of employment, by paying regular monthly Union fees uniformly paid by other members of the same classification in the Union in order to defray the costs of the collective bargaining agency in accordance with its rules. In the event that an Employee fails to tender the admission fee or a member of the Union fails to maintain his or her membership in accordance with the provisions of this section, the Union shall notify the Employer in writing and such written notice shall constitute a request to the Employer to discharge said individual Employee.

Section 2.03 A contractor must be a licensed electrical contractor if required by state statute.

Section 2.04 **OWNERS PERFORMING ELECTRICAL WORK** Owners may work with the tools but are not considered bargaining unit members.

Section 2.05 **MANAGEMENT'S RIGHTS** The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall therefore have no restrictions, except those specifically provided for in the Collective Bargaining Agreement, in planning, directing and controlling the operation of all work, in deciding the number and kind of Employees to properly perform the work, in hiring and laying off Employees, in transferring Employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all Employees to observe the Employer's and/or Owner's rules and regulations not inconsistent with the Agreement, in requiring all Employees to observe all safety regulations, and in discharging Employees for proper cause.

Section 2.06 **FOREMAN BY NAME CLAUSE**

(a) To clarify the intent of this clause, it is hereby agreed that when this clause is utilized the individual called out as Foreman shall work as Foreman and be paid as Foreman. If contractors make such a call out and do not adhere to this understanding, a complaint shall promptly be filed by the Union. The Business Manager and Chapter Manager shall promptly investigate the complaint and the matter will then be promptly resolved.

(b) A Foreman as compared to a Journeyman has some distinct responsibilities which include: supervision of the workers, material requisition, Employee planning and scheduling, keeping good relations with other trades and owners representatives; study and understand electrical, structural, and mechanical specs; knowing electrical code and keeping a copy of the code book on the job; and special responsibilities to the Employer. In the event that it is found that the above is not the intent of the Employer, the Business Manager may refuse to dispatch a Foreman to the Employer.

(c) The Employer shall be permitted to request by name, any applicant the Employer desires to employ as Foreman, provided the individual has successfully completed the JATC or NECA Foreman Training Class. Then the Union will refer such applicant to the Employer, if the applicant's name appears on the referral register and, has not quit their former Employer less than two (2) calendar weeks prior to the Employer's request for said applicant, and all other "eligible" applicants in higher seniority referral groups have first been referred. Then the Employer shall immediately upon employment of said applicant, classify said applicant (Employee) as a Foreman and pay such applicant (Employee) Foreman's wages as established in Section 3.08(b) of this Agreement for a period of ninety (90) days unless terminated sooner.

Sec. 2.06(d) Foreman shall have a valid first aid card with CPR certification as required by Washington State and adhere to any other state laws, which are required by statute, and have completed a minimum twenty-four (24) hour JATC or NECA Foreman Training Class. The NECA Foreman Training Class shall include four (4) hours of training on COMET presented by the IBEW, and shall also include four (4) hours of training on the Labor Agreement presented jointly by NECA and the IBEW. A Journeyman may act as a Foreman if they have signed up for the next available JATC or NECA Foreman Training

Class but may not continue to work as a Foreman if he or she does not successfully complete that class. Training provisions shall apply to all existing Foremen.

Section 2.07 **FAVORED NATIONS CLAUSE** The Union agrees that if, during the term of this Agreement, it grants to any Employer in the electrical contracting industry any better terms or conditions for any of the work covered by this Agreement, all the terms and conditions of the Agreement shall be made available to the Employers signatory to this Agreement. The Union agrees to notify the Puget Sound Chapter, NECA of any such Agreements made by the Union covering work on any single project, and NECA agrees to notify all Employers signatory to this Agreement. However, an exception to this clause is as follows: The Union may, with prior notification to NECA, offer some modifications if necessary to organize a non-signatory electrical contractor.

Section 2.08 **ADMINISTRATIVE MAINTENANCE FUND** Employers signatory to this Labor Agreement with Local Union No. 46, IBEW, shall contribute three quarters of one percent (.75%) of productive labor payroll as reported on their fringe benefit report to the Administrative Maintenance Fund. The monies are for the purpose of administration of all trust funds as delineated in this Agreement, and other administrative costs. The fund is to be administered solely by Puget Sound Chapter, NECA or their appointed designee. No portion of this fund shall be used contrary to the Local Union No. 46, IBEW. The Local shall have the right to inspect the books of this fund. The AMF contribution shall be submitted with all other fringe benefits as delineated in the Labor Agreement by the fifteenth (15th) of the following month in which they are due to the Administrator receiving said funds.

In the event any Employer is delinquent in submitting the required Administrative Maintenance Fund to the designated Administrator, the Administrator shall have authority to recover any funds, along with any attorney fees, court costs, interest at one percent (1%) per month and liquidated damages receiving said funds. Enforcement for delinquent payments to the fund shall be the sole responsibility of the fund and not the Union.

Section 2.09 **TRUCK SIGNAGE** Each electrical contractor employing members of Local Union No. 46, IBEW shall be required to have identification signs, seals, decals, stickers or painted signs on their trucks, bearing the company's name, not less than three (3) inches high and visible from the outside of each of its trucks. The Union and Puget Sound Chapter, NECA will encourage employers to display IBEW Local 46 union decals on employer vehicles used for work covered under this agreement. The decals will be furnished to the Employer by the Union.

Section 2.10 **DISCIPLINE OF UNION MEMBERS** The Union reserves the right to discipline its members for violation of its laws, rules and Agreements.

Section 2.11 **UNION ASSISTANCE TO OTHER LOCAL UNIONS** This Agreement does not deny the right of the Union or its representatives to render assistance to other organizations by removal of its members from jobs when necessary, and when the Union or its proper representatives decide to do so; but no removal shall take place until notice is first given to the Employer involved. When such removal takes place, the Union or its representatives shall direct the workers on such job to carefully put away all tools, material, equipment or any other property of the Employer in a safe manner. The Union will be

financially responsible for any loss to the Employer for neglect in carrying out this provision, but only when a safe place is provided for these by the Employer.

Section 2.12 **LOADING OF EMPLOYEES** The Employer shall not loan, or cause to be loaned, the members of the Union in his employ to any other Employer without first securing permission of the Union and then only when applicants possessing the required skills are not available under the referral procedure.

Section 2.13 **JOB STEWARDS**

(a) The Union shall have the right to appoint a Steward at any job where six (6) or more bargaining unit members are employed. Such appointed Steward shall remain at such job, except when terminated for cause or until such job has been reduced to core personnel. Choice of core personnel shall be decided by the Employer. Core personnel shall include all Foremen, General Foremen, transferred personnel, apprentices and individuals referred from the hiring hall prior to the appointment date of the Steward. Stewards appointed under this Section of the Agreement shall have received Steward training by the Union, and other training as developed by the Joint Labor-Management Committee that would assist a Steward in the performance of their duties. On jobs where Stewards are appointed and on site, a Steward shall be present during the layoff of all workers on that job.

(b) The Steward shall in no case cause a stoppage of work. In case of any trouble on the job, he or she shall immediately notify the Business Manager who will take up any grievance, dispute and/or any other subject matter with the Employer. (It is understood between the parties to this Agreement that the Steward will not discuss any violation of this Agreement, disputes of any nature or grievances with Employers, but will report them to the Business Manager.)

(c) Stewards shall work under the direction of the Business Manager and be subject to his or her authority. Such Steward shall see that this Agreement and working rules are observed and shall be allowed sufficient time to perform the duties during regular working hours. The Business Manager shall notify the Employer of the appointment of a Steward. Under no circumstances shall an Employer dismiss or otherwise discriminate against an Employee and/or Shop Steward for making a complaint or giving evidence with respect to an alleged violation of a provision of this Agreement.

(d) The Employer shall notify the Union representative twenty-four (24) hours prior to termination of a Steward except for discharge for just cause. Just cause is defined as intoxication or insubordination. In case of discharge of a Steward for just cause, the Employer shall immediately notify the Union office.

(e) In no event shall the Employer discriminate against a Steward in the matter of overtime, layoffs, or rehires. In the event a Steward is to be laid off, a Committee representing the parties to this Agreement may review the action upon request.

Section 2.14 **UNION ACCESS TO SHOP AND JOBS** The representative of the Union shall be allowed access to any job at any reasonable time where workers are employed under the terms of this Agreement. The Employer will provide the Union with a

list of ongoing job sites upon request. The Union will notify the Employer before visiting a jobsite.

Section 2.15 **NO REBATE OF WAGES** No Employer or member of the Union or their agent shall give or accept directly or indirectly any rebate of wages. Any Employer found violating this provision shall be subject to having the Agreement terminated upon written notice thereof being given by the Union.

Section 2.16 The Employer shall furnish the Union with a list, monthly, of workers employed showing the hours and weeks worked if requested to do so by the Union.

Section 2.17 The policy of the Local Union and its members is to promote the use of materials and equipment manufactured, processed or repaired under economically sound wage, hour and working conditions by the members of the IBEW when possible.

Section 2.18 **ANNULMENT AND SUBCONTRACTING**

(a) The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of paragraph (b) of this Section, will be sufficient cause for the cancellation of their Letter of Assent to this Agreement by the Local Union, after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

(b) The subletting, assigning or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of their Employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work will be deemed a material breach of this Agreement.

(c) All charges of violation of paragraph (b) of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and final and binding resolution of disputes.

Section 2.19 **OUTSIDE CONTRACTORS/PROVISION FOR BRINGING IN WORKERS**

Contractors from outside the jurisdiction of Local Union No. 46, IBEW doing work in the jurisdiction of Local Union No. 46, IBEW may bring in four (4) Journeyman Wireman as stipulated in the 1997 IBEW/NECA Agreement on Employee Portability. When any complaint or dispute arises dealing with this question, any ruling made by the International Office of the Union shall be accepted and put into effect. Realizing the portability of Employees is necessary for the preservation of some categories of electrical work covered by this Agreement, portability will be provided as mutually agreed to between Local 46 and other IBEW Local Unions.

Section 2.20 **JOB TARGETING** The Business Manager shall have authority to target a job for the purpose of protecting the jurisdiction of the Union and work opportunity of the Employees it represents. But while engaging in such targeting activities, the Union agrees that it will not discriminate against any contractor.

Section 4.07 **VACATION ALLOWANCE**

(a) All Employers subject to this Collective Bargaining Agreement shall withhold from the pay of each Employee, as a vacation allowance, an amount equal to six percent (6%) of gross pay nearest the one cent (\$.01) for each compensable hour worked under the terms of and conditions of this Collective Bargaining Agreement. The Vacation Allowance Plan shall be administered by the Trustees of the Puget Sound Electrical Workers Healthcare Trust Fund.

(b) Each Employer party to this Agreement agrees to be bound by the terms and provisions of the Trust Agreement governing the Puget Sound Electrical Workers Healthcare Trust Fund, effective January 1, 1976, and all amendments or revisions hereafter adopted, and further agrees to accept as its representatives the current Employer Trustees and their lawfully appointed successors.

(c) Vacation allowance shall be paid to all Employees who are directed by the individual Employer to work on jobs outside of the jurisdiction of Local Union 46, IBEW.

(d) Should an Employer direct an Employee to work in the jurisdiction of another Local Union having an established vacation allowance plan in its Collective Bargaining Agreement they shall not be required to contribute the vacation allowance, since the Employer will be required to contribute to a vacation allowance for that Employee in accordance with that particular Local Union's vacation allowance. If it is less than the Local Union No. 46 Agreement, the Employer shall pay the difference to Local Union 46, Vacation Plan, for said Employee's account.

(e) This vacation allowance shall be withheld from the Employee's weekly pay and shall be sent on a monthly transmittal to the designated depositor.

(f) It is understood that vacation shall be taken by the Employee at such time as mutually agreed upon between the Employer and the Employee. No Employee shall be denied the right to two (2) weeks vacation time off when the vacation allowance accumulated is less than two (2) weeks normal pay.

When the Employee is so required by the Employer to work during the vacation period as previously decided upon, the Employee shall be paid for work during that period at one and one-half (1½) times the regular rate of pay.

(i) Beginning March 15, 2018, the Employee's Vacation Allowance Plan accounts will be moved to the designated Credit Union chosen by the Healthcare/Vacation Plan Trustees.

Section 4.08 **DEFAULT/DELINQUENCIES**

(a) In the event an Employer fails at any time to secure, maintain, renew or otherwise keep in full force and effect a fringe benefit bond in accordance with the provisions of Section 4.02(a), or fails to make a full remittance of any fringe benefit amounts due, or fails to remain current in agreed upon payment plans with the Trust for past indebtedness, the Trust Administrator shall confirm the fringe benefit bond default/fringe benefit contribution delinquency. If the default/delinquency is not corrected within ten (10) days of becoming due, actions shall be taken as indicated in the remainder of Section 4.08. The term "delinquent" in the following paragraphs shall indicate contractors either in default or delinquent.

An Employer is also considered to remain delinquent until all benefits, interest, and penalties assessed to the delinquent Employer are satisfied.

(b) The Puget Sound Chapter, NECA and IBEW, Local 46 shall send a joint letter to the delinquent Employer notifying the Employer that the Union and the Apprenticeship Office shall remove all Employees covered by this Agreement from the employ of a delinquent Employer within seventy-two (72) hours of receipt of said letter. Such removal of Employees and cessation of work by the Employees of any such delinquent Employer shall continue until the Administrator of the Trust Funds involved confirms that the appropriate bond has been obtained and/or that no amounts remain owing to the Fund by the delinquent Employer.

(c) Delinquent Employers shall remain signatory to this Agreement and shall not be able to utilize the Union referral procedure nor request dispatch of Apprentices

from the JATC to obtain applicants for work. Article V, Section 5.06 shall not apply until the Administrator of the Trust Funds involved confirms that the appropriate bond has been obtained and/or that no amounts remain owing to the Fund by the delinquent Employer. In the event any Employee loses any wages or fringe benefits because of the withholding of labor, such lost wages and fringe benefits shall be regarded as time worked and the delinquent Employer shall pay lost wages and benefits required under the terms of this Agreement for the entire period of time during which labor has been withheld.

(d) Signatory Employers and/or NECA shall not challenge the unemployment benefits of Employees removed from the delinquent Employer according to this section, as long as the Employee is properly registered on the Union out-of-work list and has not been compensated for lost wages and benefits by the delinquent Employer.

(e) All Employees removed from the delinquent Employer, if on the out of work list, shall be reinstated with the delinquent Employer when the appropriate bond has been obtained and/or no amounts remain owing to the Fund by the delinquent Employer. If other Employers assume the project(s) of the delinquent Employer, all previously removed Employees, upon request of the new Employer, may be placed with the new Employer(s).

(f) In the event that the Employer fails to remit fringe benefit contributions as required, any amounts subsequently paid to or collected by the Trust Funds shall be first applied to delinquent Employee variable annuity contributions and vacation deduction, with any remaining contributions applied to remaining contributions on a pro rata basis.

(g) In no event, however, shall the Trustees be obligated to pursue the collection of delinquent contributions through the grievance-arbitration procedures provided in this Labor Agreement.

ARTICLE V

REFERRAL AND LAYOFF PROCEDURE

Section 5.01 In the interest of maintaining an efficient system of production in the industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interests of the Employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

Section 5.02 The Union shall be the sole and exclusive source of referral of applicants for employment.

Section 5.03 The Employer shall have the right to reject any applicant for employment.

Section 5.04 The Union shall select and refer applicants for employment without discrimination against such applicant by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligations of Union

membership policies or requirements. All such selection and referral shall be in accordance with the following procedure.

Section 5.05 The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which they qualify.

JOURNEYMAN WIREMAN JOURNEYMAN TECHNICIAN

GROUP I All applicants for employment who have four (4) or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, have passed a Journeyman Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee, **and** who have been employed in the trade for a period of at least one (1) year in the last four (4) years in the geographical area covered by the Collective Bargaining Agreement.

Group I status shall be limited to one (1) local Union at one (1) time. An applicant who qualifies for Group I in a local Union shall be so registered electronically and remain on Group I in that local Union unless and until the applicant designates another local Union as his or her Group I local Union. If an applicant qualifies for Group I status in a local Union other than his or her home local Union and designates that local as his or her Group I local Union, the business manager of the new Group I status local Union shall by electronic means notify the business manager of the applicant's former Group I status local Union.

GROUP II All applicants for employment who have four (4) or more years' experience in the trade and who have passed a Journeyman Wireman examination given by a duly constituted Inside Construction Local Union of the IBEW or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.

GROUP III All applicants for employment who have two (2) or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, **and** who have been employed for at least six (6) months in the last three (3) years in the geographical area covered by the Collective Bargaining Agreement.

GROUP IV All applicants for employment who have worked at the trade for more than one year.

Section 5.06 If the registration list is exhausted and the Local Union is unable to refer applicants for employment to the Employer within forty-eight (48) hours from the time of receiving the Employer's request, Saturdays, Sundays and Holidays excepted, the Employer shall be free to secure applicants without using the Referral Procedure, but such applicants, if hired, shall have the status of "Temporary Employees".

Section 5.07 The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such "Temporary Employees" and shall replace such "Temporary Employees" as soon as registered applicants for employment are available under the Referral Procedure.

Section 5.08 "Normal construction labor market" is defined to mean the following geographical area plus the commuting distance adjacent thereto, which includes the area from which the normal labor supply is secured: KITSAP, JEFFERSON, CLALLAM, AND KING COUNTIES OF THE STATE OF WASHINGTON.

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage areas under the Davis-Bacon Act to which the Agreement applies.

Section 5.09 "Resident" means a person who has maintained their permanent home in the above defined geographical area for a period of not less than one (1) year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as their permanent home.

Section 5.10 An "examination" shall include experience rating tests if such examination shall have been given prior to the effective date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the IBEW. Reasonable intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if the individual has four (4) years' experience in the trade.

Section 5.11 The Union shall maintain an "Out of Work List" which shall list the applicants within each Group in chronological order of the dates they register their availability for employment.

Section 5.12 An applicant who has registered on the "Out of Work List" must renew their application every thirty (30) days or their name will be removed from the "List".

Section 5.13 An applicant who is hired and who receives, through no fault of his own, work of ten (10) business days or less, excluding holidays, shall upon re-registration, be restored to his appropriate place within his Group.

Section 5.14(a) Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in GROUP I, in the order of their place on the "Out of Work List" and then referring applicants in the same manner successively from the "Out of Work List" in GROUP II, then GROUP III, and then GROUP IV. Any applicant rejected by the Employer shall be returned to his or her appropriate place within this GROUP and shall be referred to other employment in accordance with the position of this GROUP and his or her place within this GROUP. The Employer may request on the dispatch request form that the applicant call the designated Employer Representative prior to leaving the Union Hall. If the Employer designated representative does not answer the phone call, the applicant may report to the job or shop.

Section 5.14 (b) An applicant who is discharged for cause two (2) times within a twelve (12)-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant's continued eligibility for referral. The neutral member of the Appeals Committee shall, within three (3) business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in his or her sole discretion: (1) require the applicant to obtain further training from the JATC before again being eligible for referral; (2) disqualify the applicant for referral for a period of four (4) weeks, or longer, depending on the seriousness of the conduct and/or repetitive nature of the conduct; (3) refer the applicant to an employee assistance program, if available, for evaluation and recommended action; or (4) restore the applicant to his/her appropriate place on the referral list.

Section 5.14 (c) The Appeals Committee shall meet with the discharged employee prior to referral to the neutral member for a determination. The Parties may review the decision of the neutral party and collectively overrule the decision of the neutral party.

Section 5.15 The only exceptions which shall be allowed in this order of referral are as follows:

(a) When the Employer states bona fide requirement for special skills and abilities in a request for applicants the Business Manager shall refer the first applicant on the register possessing such skills and abilities.

(b) The age ratio clause in the Agreement calls for the employment of an additional Employee or Employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided however, that all names in higher priority Groups, if any, shall first be exhausted before such coverage reference can be made.

(c) When a contractor assumes a project from another contractor, or purchases another contractor and assumes their work and/or service agreements, the Business Manager may dispatch the current employees to the new contractor immediately.

Section 5.16 An Appeals Committee is hereby established composed of one (1) member appointed by the Union, one (1) member appointed by the Employer or by the Association, as the case may be, and a Public Member appointed by both these members.

Section 5.17 It shall be the function of the Appeals Committee to consider any complaint of any Employee or applicant for employment arising out of the administration by the Local Union of Sections 5.04 through 5.15 of this Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of this business, but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

Section 5.18 A representative of the Employer, or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Section 5.19 A copy of the Referral Procedure set forth in this Agreement shall be posted on the bulletin board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Section 5.20 Apprentices shall be hired and transferred in accordance with the apprenticeship provisions of the Agreement between the parties.

Section 5.21 When making reductions in the number of Employees due to lack of work, Employers shall use the following procedure:

(a) Temporary Employees, if any are employed, shall be laid off first. Then Employees in GROUP IV shall be laid off next, if any are employed in this GROUP. Next to be laid off are Employees in GROUP III, if any are employed in this GROUP, then those in GROUP II, and then those in GROUP I.

(b) Paragraph (a) will not apply as long as the special skills requirement as provided for in Section 5.15(a) is required and when special provisions are made under organizing.

(c) Supervisory Employees covered by the terms of this Agreement will be excluded from lay off as long as they remain in a supervisory capacity. When they are reduced to the status of Journeyman, they will be slotted in the appropriate GROUP in paragraph (a) above.

(d) Call Back. The Employer has the right to call Employees back within forty-five (45) days of date of termination, not including the date of termination, with that specific Employer, provided the called back Employee is on the out of work list and provided all other eligible applicants in higher seniority referral groups have first had an opportunity to be referred. This Section shall not apply to short calls.

The Puget Sound Chapter, NECA, or its designee, shall be the collection agent for this Fund. Procedure for collection of delinquent contributions shall be the same as in Section 6.04 of this Agreement.

ARTICLE VII
APPRENTICESHIP AND TRAINING

Section 7.01 There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either six (6) or eight (8) members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of members (either three [3] or four [4]) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local Union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

Section 7.02 All JATC member appointments, re-appointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three (3)-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 7.03 Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Parties to this Agreement for resolution as outlined in Article I of this Agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 7.04 There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this Agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 7.05 The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the training director, the JATC should review the Training Director's Job Description provided by the NJATC. All Employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 7.06 To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local Union referral office shall be notified, in writing, of all job training assignments. If the Employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 7.07 All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local Union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 7.08 The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture a total number of apprentices not to exceed a ratio of one (1) apprentice to three (3) Journeyman Wiremen normally employed in the jurisdiction, unless they are authorized and instructed to increase the number by the parties to the local IBEW/NECA collective bargaining agreement. The JATC shall indenture a larger number of apprentices provided the individuals are entering the program as the result of direct entry through organizing; as provided for in the registered apprenticeship standards.

Section 7.09 Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request, the JATC shall select and indenture the next available

person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 7.10 To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the Employer agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices, and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 7.11 The Employer shall contribute to the local healthcare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this Agreement.

Section 7.12(a) There shall be a minimum of six (6) periods of apprenticeship. The first two (2) periods, consisting of one thousand (1,000) OJT hours each and satisfactory completion of the first year of related classroom training, shall constitute the probationary period. Successive periods will require the minimum hours of OJT and satisfactory progress in the classroom training. The six (6) periods are as follows.

| <u>PERIOD</u> | <u>OJT HOURS</u> | <u>RELATED TRAINING</u> |
|---------------|------------------|-----------------------------------|
| 1 | 0-1000 | Satisfactory progress |
| 2 | 1000-2000 | Satisfactory progress by the JATC |
| 3 | 2000-3500 | Satisfactory progress by the JATC |
| 4 | 3500-5000 | Satisfactory progress by the JATC |
| 5 | 5000-6500 | Satisfactory progress by the JATC |
| 6 | 6500-8000 | Satisfactory progress by the JATC |

Section 7.12(b) An individual Employer shall employ only apprentices secured from the Committee. The Committee will determine whether or not any individual Employer is entitled to an apprentice, as well as the total number of apprentices to be assigned to that

Employer. The Committee shall allow each qualified Employer a ratio of one (1) first year apprentice to one apprentice to three journeymen in any shop as shown below:

| Number of Journey Wiremen | Maximum Number of Apprentices / Unindentured |
|------------------------------|---|
| 1 – 3 | 2 |
| 4 – 6 | 4 |
| Etc. | Etc. |

If 1st year or unindentured are not available and upper level are, they can be used in lieu of the 1st year or unindentured to complete the allowable apprentices and vice-versa. The first person on a job shall be a Journeyman Wireman. The Employer is allowed a ratio of one (1) apprentice to one (1) journeyman per job site.

A job site is considered to be the physical location where Employees report for their work assignments. The Employer's shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

A first year apprentice, as used above, may be an indentured apprentice in his/her probationary period or an unindentured Employee from the pool of qualified applicants.

Unindentureds shall be replaced by first year indentured apprentices when they are available for assignment.

First year apprentices may perform all tasks assigned by a General Foreman, Foreman, and/or Journeyman; however, they shall not work on or near live voltage circuits or systems.

If unable to furnish a first year indentured apprentice in accordance with the allowable ratio, the JATC shall assign the next available individual who was interviewed but not selected from the pool of applicants. If such a list does not exist, an individual applicant who has met all basic requirements for apprenticeship shall be assigned to the Employer. The rate of pay for all such Employees shall be at the first period apprentice rate.

If the supply of apprentices (3rd through 6th period) is exhausted, the first or second period indentured apprentices may be used on a temporary basis to fulfill the apprentice ratio until successive period apprentices become available to replace them.

Section 7.13 An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative.

Work may be laid out by the Employer's designated supervisor or Journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade

competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

The Journeyman Wireman shall have a minimum of one (1) course each year of theory, any recognized NJATC Journeyman Wireman course, First Aid course, or hands-on training offered by Local Union No. 46, Puget Sound Chapter, NECA, the JATC, or consistent with Washington State Law.

A certificate of completion is to be issued to the Journeyman Wireman upon successful completion of a course. Journeyman Wiremen who perform cable splicing and are not currently certified shall enroll with the JATC as soon as possible to obtain certification.

Apprentices, who have satisfactorily completed the first four (4) years of related classroom training using the NJATC curriculum and accumulated a minimum of seven thousand (7,000) hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 7.14 Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

ARTICLE VIII

LOCAL AREA CONDITIONS

Section 8.01 The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and program must be subject to all applicable

federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles, and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW Local Union and NECA Chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local Union and chapter to meet the requirements of those laws and regulations.

The parties agree that there will be no grievances filed under Section 8.01.

Section 8.02 The Parties agree to utilize the Portland Electrical Industry Drug Free Workplace Program and be bound by the policy and procedures of that Plan. All costs of the Plan will be borne by the Employers.

SEPARABILITY CLAUSE

Should any provision of this Agreement be declared illegal by any court of competent jurisdiction, such provisions shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the parties shall, thereupon, seek to negotiate substitute provisions which are in conformity with the applicable laws.

EFFECTIVE DATE: This Agreement shall become effective as of the 1st day of June, 2018.

IN WITNESS THEREOF: The aforementioned have executed this consolidated, permanent, continuing, Collective Bargaining Agreement dated June 1, 2018.

THIS AGREEMENT IS AGREED TO AND SIGNED ON AUGUST 13, 2018.
